

Purfresh SPACE

The New #1 Odor, Mildew, & Smoke Removal System For Property & Real Estate Teams

SPACE by Purfresh Clean is a **fully automated**, non-labor system to disinfect everything in an unoccupied space. The SPACE system destroys odors on surfaces fabrics and the air leaving the property **disinfected, odor & mildew free.**

Purfresh SPACE - 2420

- **Permanently eliminate odors at the source caused by food, bathrooms, smoke, pets, food, must, and mildew.**
- **Remove bacteria and pathogens like E.coli, viruses, and other germs from the air and surfaces**
- **Don't just cover-up or temporarily hide odors with chemicals & fragrance. Purfresh destroys molecular odor benzoid rings at source.**

Don Said

Stanley Steemer

We use Purfresh SPACE to remove odors from clients homes. Last week Purfresh allowed us to remove deep problematic urine odors from a house. Customer was so happy afterwards.

Jelena Spajic

Stay Awhile Villas

We had a tobacco odor issue in one of our luxury short-term rental properties, needed a fast solution, Purfresh fixed it. They corrected the issue quickly, I will use them again!

Alex Porter

Blue Oak Brewing Company

We needed a safe and highly effective way to remove rodent and odor issues from our growing craft brewery in San Carlos California. The Purfresh SPACE system has been amazing.

What makes SPACE Different?

The Purfresh Clean SPACE system is the latest in cleaning technology, using patented **Oxygen-3** cleaning AI. It is unique due to its **completely automated, remote control**, and smart-scheduling operation. Runs on a night-time programmable schedule when businesses are **unoccupied**.

The SPACE system produces and **controls O3 concentration in the air** at user setpoints and moves rapidly throughout all areas of an enclosed space, including **hard-to-reach areas**, surfaces, fabrics, overhead spaces, and tight corners.

Our remote monitoring app **dynamically controls and records O3** levels and atmospheric conditions in the treatment space giving **ultimate safety and protection to people** and property.

- Service prices from \$399 to \$899 per treatment depending on the square footage of the property. Equipment purchase options are also available.
