

Purfresh SPACE

The New #1 Pest, Odor, & Bacteria Removal System For Restaurants, Bars, and Breweries

SPACE by Purfresh Clean is a fully automated, **non-labor, night-time system** to manage the air and provide added safety. The SPACE unit cleans surfaces and the air in your **facility leaving areas disinfected, pest & odor free, while monitoring CO2 .**

Purfresh SPACE - 2420

- **Force out rodents, birds bugs, and other pests from your facilities, without the need for poison and traps.**
- **Eliminate odors at the source caused by food, bathrooms, spilled beer, smoke, pets, and mildew.**
- **Remove bacteria and pathogens like E.coli, salmonella, and viruses from the air and surfaces.**

Don Said

Stanley Steemer

We use Purfresh SPACE to remove odors from clients homes. Last week Purfresh allowed us to remove deep problematic urine odors from a house. Customer was so happy afterwards.

Alex Porter

Blue Oak Brewing Company

We needed a safe and highly effective way to remove rodent and odor issues from our growing craft brewery in San Carlos California. The Purfresh SPACE system has been amazing.

Jelena Spajic

Stay Awhile Villas

We had a tobacco odor issue in one of our luxury short-term rental properties, needed a fast solution, Purfresh fixed it. They corrected the issue quickly, I will use them again!

What makes SPACE Different?

The Purfresh Clean SPACE system is the latest in cleaning technology, using patented **Oxygen-3** cleaning AI. It is unique due to its **completely automated, remote control**, and smart-scheduling operation. Runs on a night-time programmable schedule when businesses are **unoccupied**.

The SPACE system produces and **controls O3 concentration in the air** at user setpoints and moves rapidly throughout all areas of an enclosed space, including **hard-to-reach areas**, surfaces, fabrics, overhead spaces, and tight corners.

Our remote monitoring app **dynamically controls and records O3** levels and atmospheric conditions in the treatment space giving **ultimate safety and protection to people** and property.

- Prices start as low as \$199 per month depending on sq.ft.
- No annual contract required, try the system for 2-months
- Contact us for a no-commitment, free demo of the equipment
