

Purfresh SPACE

The New #1 Odor, Bacteria, & Pest Removal System For Schools, Gyms, & Event Centers

SPACE by Purfresh Clean is a fully automated, **non-labor, night-time system** to manage the air and provide added safety. The SPACE unit cleans surfaces and the air in your **facility leaving areas disinfected, odor, bacteria, & virus free, while forcing pests out.**

Purfresh SPACE - 2420

- **Eliminate odors at the source caused by food, bathrooms, body odor, smoke, chemicals, and mildew.**
- **Force out rodents and other pests from schools, gyms, event centers, and storage facilities, without the need for poison and traps.**
- **Remove bacteria and pathogens like, MRSA, E.coli, salmonella, and viruses from the air and surfaces.**

Alex Porter

Blue Oak Brewing Company

We needed a safe and highly effective way to remove rodent and odor issues from our growing craft brewery in San Carlos California. The Purfresh SPACE system has been amazing.

Don Said

Stanley Steemer

We use Purfresh SPACE to remove odors from clients homes. Last week Purfresh allowed us to remove deep problematic urine odors from a house. Customer was so happy afterwards.

Jelena Spajic

Stay Awhile Villas

We had a tobacco odor issue in one of our luxury short-term rental properties, needed a fast solution, Purfresh fixed it. They corrected the issue quickly, I will use them again!

What makes SPACE Different?

The Purfresh Clean SPACE system is the latest in cleaning technology, using patented **Oxygen-3** cleaning AI. It is unique due to its **completely automated, remote control**, and smart-scheduling operation. Runs on a night-time programmable schedule when businesses are **unoccupied**.

The SPACE system produces and **controls O3 concentration in the air** at user setpoints and moves rapidly throughout all areas of an enclosed space, including **hard-to-reach areas**, surfaces, fabrics, overhead spaces, and tight corners.

Our remote monitoring app **dynamically controls and records O3** levels and atmospheric conditions in the treatment space giving **ultimate safety and protection to people** and property.

- Both purchase and equipment lease options are available
- No annual contract required, try the system for 2-months
- Contact us for a no-commitment, free demo of our equipment
